**Lake Belvadeere Access – grading/culvert improvements**

TIP-Rural Electric Cooperative will be relocating their facilities along 200<sup>th</sup> Street. All other utility relocations are substantially complete.

The following roads are closed for grading activities:

200<sup>th</sup> Street – from 242<sup>nd</sup> Avenue east to 24578 200<sup>th</sup> Street

240<sup>th</sup> Avenue – from State Highway 92 to 21251 240<sup>th</sup> Avenue

Park detours have been established and marked on 200<sup>th</sup> Street and 242<sup>th</sup> Avenue. Persons wishing access to the park along 250<sup>th</sup> Avenue can use the park access road in the campground area.

All other roads are open to traffic. However, temporary road closures may occur during the workday in order to move equipment, materials, etc. over the roadway. All landowners will have access to their property from at least one direction during construction activities.
